

Preparation for Adulthood for Young people with SEND

2023

This publication includes participation and destination measures, including the proportion of 16-17 year olds with SEN participating in education or training and the proportion recorded as NEET (not in education, employment or training); the percentage of pupils by SEN provision group continuing to a sustained education, apprenticeship or employment destination in the year after completing key stage 4 study (after year 11) and key stage 5 study (after year 13).

Accommodation and employment status for adults (aged 18-64) with a learning disability is also included in this report.

These measures are taken from the Adult Social Care Outcomes Framework.
