

Environment Consultation Tree

How can we be more environmentally friendly?

- Walk or bike more
- Switch to Electric Cars
- Switch off lights where possible
- Buy local produce
- Recycle more
- Reduce Wastage x2, Save Energy and be Water Wise
- For every tree chopped down plant 3 or 4 more
- Shop second hand
- Reuse items such as bags, bottles, packaging
- Take shorter showers to save water, electric and heating costs
- Use more renewable energy sources
- Eat more vegetables
- Use public transport more
- Use less plastic and find an alternative (ie. Bamboo)
- Public areas to grow food
- More affordable and sustainable resources
- Ban diesel cars
- Ban power plants
